December 3, 1917.

Mr. Howland Wood
The American Numismatic Society
Broadway & 156th Street
New York City.

Dear Mr. Wood:

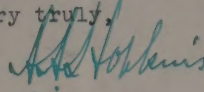

I enclose application for membership in your
Society. I am sure that this is the least I could do.

I have not succeeded in ensnaring Mr. Munn as yet. He belongs
to so many societies. I think that we had better leave that
to Dr. Kunz.

I expect Dr. Hornaday this afternoon.

I will send you a proof of the article as soon
as set.

Yours very truly,

December 4th, 1917.

Mr. A. A. Hopkins,
233 Broadway,
New York.

Dear Mr. Hopkins:-

It was with more than usual gratification that I received from Mr. Wood this morning your signature to our application -for-membership card. Thank you very much. I believe you can help us, and you know we stand ready to serve you in whatever way possible.. Your name will be presented at the next meeting of the Council, probably some time during this month, and you will be notified of their action after the meeting.

Yours very sincerely,

Secretary.

ence that I had relative to the question of Mr. Giddings.
I think it would be worth while to get after him in the
way we talked about this morning. I hope that you will be

I have your letter of the 5th together with copies of the correspondence with Mr. Giddings. Thank you very much. I shall wait a day or so to see whether he orders a copy of the United States War Medals which will give me an opening. If he does not order within that time I shall write him anyhow.

Yours very truly,

Dear Mr. Noe:

I have received your favor of January 11th, and
I should be very glad to accept my election as an Associate Member.
Please send me a bill for annual dues and greatly oblige.
I should be very glad, indeed, to further in every possible way
the aims of the Society in which I am very much interested, although
you will admit that my coin collection is, perhaps, not as strong
as that of other members. This also applies to my Numismatic
Library.

Yours very truly,

P.S. I enclose bill for reprints and telegram to Washington.
As far as I know there is no charge for the Congressional Directory.

Dear Mr. Hopkins:-

We have about used up the gray paper that we decided on for the labels. Will you call up Mr. Honeyman, and order from him a supply which you think will suffice. I should think from six to ten sheets like that previously furnished would be adequate, but perhaps you will think we had better order more.

Yours respectfully,

Secretary.

P. S. We have a number of labels we would like you to examine. Can you come up on Monday night, or stop on Tuesday morning?

I beg to return herewith your copy of "A Directory of Mailing Lists", which you so kindly loaned me sometime ago. I have been very glad indeed to see it. Thank you very much for having thought of us.

My dear Mr. Hopkins:-

At the last meeting of the Council I was directed to express to you the appreciation and thanks of the Council for your interest, valuable aid and initiative, which permitted us to assemble and exhibit the splendid United States uniforms collection, which is still proving so popular and instructive.

It is through such zeal as yours that our members can place our Society at the goal which we all wish her to attain.

Mr. Henry Russell Drowne, Secretary

Dear Mr. Drowne:

I have received your kind favor of November 6th and wish to thank you for the kind words of appreciation which you expressed for the Council.

I am at all times willing to do anything I can to forward the interests of societies, or organizations in which I am interested. Unfortunately, I have no numismatic knowledge, therefore, I served in the only capacity in which I ever could. I was, of course, compelled, by the exigencies of my business, to virtually stop collecting after the exhibition opened on August 1st, but I feel that Mr. Wood has made a much better job of the continuation than I could myself, and as for his arrangement, it is beyond praise.

Thanking you again for your kind words, I remain,

Both beginner and advanced student will find a wealth of information in this annual, and in very accessible form. The dictionary of numismatic names gives official, popular and slang designations of coins, and describes the origin and epitomizes the history of each coin. The collector will appreciate the large number of citations of authorities, and cross references enable the consultant to find a coin under any one of its various names.

Dear Mr. Hopkins:

Herewith is the much belated 'note' on the
Anfolschke exhibition. I was unable to restrict
myself within the 100 words, but I trust the en-
closed would give you food for thought: and would
give you an excuse to send your own into the sev-
eral offices. If you give it to your typist, and
perhaps you could utilize the material and use part for
and send your professor. And as time to send the
note, if you want it.

Dear Mr. Noe:

Can you tell me what coin is referred to in the
enclosed rubbing, and the approximate value? Of course
I know that you do not make a practice of valuing coins
and I will not mention the Society in any way, but I would
like to know whether it is 10¢ or \$2.00.

I am enclosing a stamped envelope so that you will
not be put to any trouble.

Dear Mr. Hopkins:

The coin of which you sent me a rubbing in your letter of July 18th is one of those known as Civil War tokens dated, as you will see, 1863, apparently. I think you know that they were issued for small change at a time our Government could not stop to make pennies. Many of them bore the name and address of the issuing business house where they were redeemable. Others had patriotic sentiments such as this one and had no regard of the issuing authority. They are fairly common and I think this one is worth nearer 16 cents than two dollars.

Trusting this gives you the desired information,
